# INDIANA PERINATAL NETWORK RESOURCES

## SAFE SLEEP

Safe Sleeping for your Baby Recommendations from IPN's Safe Sleep Subcommittee.

Grandparent Power Grandparents have the "power" to educate about current safe sleep recommendations.

## PERINATAL MOOD DISORDERS

Something's Not Right Explores the differences between 'Baby Blues' and depression during pregnancy, and explains how perinatal mood disorders (PMD) can affect the baby.

Recognizing Perinatal Depression E-Learning CD An interactive CD designed to help home visitors, health care professionals and other care providers recognize perinatal depression and provide support to the new and expectant mothers who experience it.

## BABY FIRST

Baby First Workbook w/DVD A 2-color workbook that presents aspects of a healthy pregnancy in accessible, easy-to-understand language with checklists and illustrations. The workbook includes a printed folder, workbook pages, preterm labor wallet card, Hoosier Healthwise insert and the Baby First video on DVD.

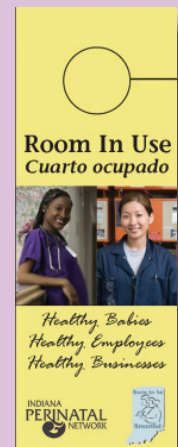

Baby First Wallet Card A handy bilingual pocket-sized card to help expectant mothers recognize the signs and symptoms of preterm labor.

## LACTATION SUPPORT

I Want to Breastfeed, But I'm Going Back to Work... FAQ for Employees Frequently asked questions for the breastfeeding employee returning to work.

Lactation Support in the Workplace Door Hanger Provides privacy for employees who decide to pump at work.

## SUBSTANCE USE

Integrating Screening and Treatment of Substance Use into Perinatal Care Comprehensive CME-approved training program that addresses tobacco, alcohol and other drug use during pregnancy.
