

# Presumptive Eligibility for Pregnant Women (PE) and Notification of Pregnancy (NOP) Form

Glenna Asmus

Manager, Quality and Outcomes

Office of Medicaid Policy and Planning

March 25, 2009

# Agenda

- Presumptive Eligibility (PE) Overview
- PE Project Team
- Who Can Be a Qualified Provider for PE
- How to Enroll as a Qualified Provider for PE
- How the PE Process Works
- Eligibility Verification Systems and PE
- Notification of Pregnancy
- Upcoming Events
- Questions

NOP and PE are scheduled for implementation on July 1, 2009

## What is Presumptive Eligibility for Pregnant Women?

- A limited period of time during which a pregnant woman, who has been determined by a Qualified Provider to be 'presumptively eligible' may receive ambulatory prenatal services while her Hoosier Healthwise application is being processed
- Inpatient care, hospice, long term care, delivery services, post partum and services unrelated to the pregnancy or birth outcome are not covered
- For remainder of this presentation Presumptive Eligibility for Pregnant Women will be referred to as 'PE'

# Overview

- Why is PE important?
  - Early enrollment in Medicaid is associated with better birth outcomes
    - PE may help to lower one of the barriers associated with low-income, uninsured women from seeking earlier prenatal care
  - Allows providers to be reimbursed for prenatal services provided earlier in a woman's pregnancy
  - Public Law 218-2007 (HEA 1678) was passed by the State Legislature and signed by the Governor in 2007. Section 55 of this law, directed OMPP to apply for federal approval of presumptive eligibility for pregnant women

# Overview

## Who is eligible?

- To be eligible for Presumptive Eligibility (PE), a pregnant woman must:
  - Be pregnant, as verified by a professionally administered pregnancy test
  - Not be a current Medicaid member
  - Be an Indiana resident
  - Be a U.S. citizen or a qualified non-citizen
  - Not be currently incarcerated
  - Have gross family income less than 200% of the federal poverty level

# Overview

## Presumptive Eligibility – Income Standards

<b>Family Size</b>	<b>Gross Monthly Income</b>	<b>Gross Annual Income</b>
2	\$2,429	\$29,148
3	\$3,052	\$36,624
4	\$3,675	\$44,100
5	\$4,299	\$51,588
6	\$4,922	\$59,064
7	\$5,545	\$66,540
8	\$6,169	\$74,028
<b>For each additional person add:</b>	\$624	\$7,476

# Project Team

- OMPP
- EDS
- MAXIMUS (Enrollment Broker)
- Hoosier Healthwise MCOs (Anthem, MDwise, MHS)
- Indiana State Department of Health
- Including others within FSSA and partners

# Who can be a QP?

Many of the requirements for Qualified Providers are mandated by Federal Medicaid regulations:

1. Must be enrolled in Medicaid
2. Must provide outpatient hospital, rural health clinic, or clinic services as defined in sections 1905 (a)(2)(A) or (B), 1905(a)(9), and 1905(l)(1) of the Social Security Act
3. Must be trained and certified by the State (or designee) to perform PE functions

State-specific requirements include:

1. Must be able to verify pregnancy via a professionally administered pregnancy test
2. Must have internet, phone, printer, and fax access that is available to facilitate the PE and Medicaid application process
3. Must have access to EDS web interChange

# How to Enroll As A Qualified Provider

- Those interested in becoming a QP must edit their Provider Profile in EDS Web interChange
- After responding to three basic questions, the QP office will be contacted by EDS Provider Relations to coordinate training
- Enrollment will begin in late April 2009

# How to Enroll As A Qualified Provider

- At least one staff member from each office location must attend the one-time training session for PE
  - That PE-trained staff member may train additional staff within that same office location
- A PE enrolled office location may begin performing PE-covered PE functions the day following the training session

# PE Process

- Verification of Pregnancy
- Check for any existing Hoosier Healthwise coverage using Eligibility Inquiry feature of Web interChange
- If member is not covered under Hoosier Healthwise, a QP-trained staff member may access the PE Application by clicking on the “PE Application for Pregnant Women” button
  - The PE Application window is available during the following business hours:
    - Monday-Friday – 8am to 6pm
    - Saturday – 8am to Noon
    - Eastern Time

*NOTE:* If applicable, the non-QP refers the patient to a QP to complete the PE application process

# PE Process – Application Questions

- QP enters the following information based on responses from the patient:
  - Applicant name, social security number, date of birth, home address, mailing address (if different from home), contact phone, gender, marital status, gross income (monthly or annual), family size and race
- QP also answers “yes” or “no” to the following:
  - Indiana residency, incarceration status, verification of pregnancy, U.S. citizenship, and whether or not an application for Medicaid/Hoosier Healthwise is pending
- Applicant responses are to be accepted by the QP without asking for verification documents

# PE Process – web interChange

Disclaimer  
 I attest that I have been trained to process applications for Presumptive Eligibility for Pregnant Women.

**Submit Application**

Done Local intranet 10:58 AM

# PE Process – Web interChange

- QP clicks on the “Submit” button and receives an immediate determination indicating “approved” or “denied” for PE
  - Denied determinations include the initial reason for denial (e.g., income or citizenship, not necessarily both reasons)
- QP prints the PE determination and the Hoosier Healthwise application
  - The PE RID prints on both the approved and denied determinations
    - The PE RID begins with “550”
    - The QP gives the PE determination to the woman
  - The printed Hoosier Healthwise application pre-populates with the information entered on the PE Application
  - The Hoosier Healthwise Application is provided to the woman for signature and the QP faxes the signed application to appropriate DFR location (see slide 18)

# PE Process – MCO and PMP Selection

- QP provides the woman with access to a phone to contact the enrollment broker (MAXIMUS)
  - Enrollment Broker Phone: 1-800-889-9949
- MAXIMUS explains the selection process to the woman and assists her to select a PMP and MCO
  - The enrollment broker will identify women who are exempt from choosing a PMP due to lack of access
  - These members will be assigned to fee-for-service
- MAXIMUS activates the patient's PE number
  - Web interChange receives the patient's selections from MAXIMUS on a daily basis
- The PE Determination notice has a space to write-in the PMP and MCO information after contacting MAXIMUS

# PE Process – Hoosier Healthwise Application

QP provides a copy of the completed Hoosier Healthwise Application to the patient for signature and faxes a signed copy to the Division of Family Resources (DFR)

— Modernized counties:

- Direct questions about the Hoosier Healthwise application to the DFR Document Center at 1-800-403-0864
- Fax is sent to the DFR Document Center

— Non-Modernized counties:

- Direct questions about the Hoosier Healthwise application to the local DFR office
- Fax is sent to the county DFR office

# PE Process – Other Considerations

## Other Considerations

- PE coverage begins the same day a QP determines a pregnant woman to be presumptively eligible and the woman selects a PMP and MCO
- PE eligibility is terminated the last day of the second month of eligibility if no Hoosier Healthwise application is pending with the DFR
- PE eligibility is terminated on the day after EDS receives the DFR determination for Medicaid
- Failure of the member to cooperate with DFR to complete the application process may result in termination of PE eligibility

# Eligibility Verification Systems

- The eligibility verification systems (EVS) will have information about women with PE the day following the determination by the QP and activation by MAXIMUS:
  - Web interChange
  - OMNI machine
  - Automated Voice Response (AVR)
    - 317-692-0819 or 800-738-6770
- Only Web interChange can be used to submit a member application for PE

# Notification of Pregnancy

## What is NOP?

The OMPP, MCOs, ISDH and other Medicaid stakeholders worked jointly to develop a universal assessment to capture:

- Maternal Obstetrical History
- Previous Infant Findings
- Diagnosis of Pregnancy Risk
- Maternal Medical History (including conditions that require management during pregnancy - HTN, Diabetes)
- Current Medications
- Mental Health History and Current Conditions
- Substance Abuse/Use History
- Tobacco Use History
- Social Risk Factors
- Needed Referrals

# Notification of Pregnancy (NOP)

## Medicaid Goals:

- Identify health risk factors in Medicaid eligible women
- Monitor risk factors and outcomes for Medicaid pregnancies
- Increase the % of pregnant women assessed within the first trimester
- Increase the average birth weight of babies
- Reduce smoking rates for pregnant women
- Reduce the number of pre-term deliveries

**IMPROVEMENT OF BIRTH OUTCOMES IN INDIANA**

# Notification of Pregnancy (NOP)

**Reimbursement of \$60 for per NOP submitted within 5 calendar days of the prenatal visit will be available**

## **Other Details:**

- NOP may be billed one time per member, per pregnancy
- Providers submit the NOP via Web interChange
- Providers may bill for submission of NOP a specific procedure code (99354 TH)

# Notification of Pregnancy (NOP) – Access to NOP

**Eligibility Inquiry - Microsoft Internet Explorer provided by EDS Indiana Title XIX**

# Notification of Pregnancy (NOP) – How to Begin

The screenshot shows a web browser window titled "Notification of Pregnancy - Microsoft Internet Explorer provided by EDS Indiana Title XIX". The address bar shows the URL "http://localhost:2866/Member/NOP.aspx". The browser's menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". The page content includes a purple circular icon with a white 'i' and the title "Notification of Pregnancy". Below the title, the following information is displayed: Legacy Provider ID: 100268850, Service Location: A, Provider Type: 01 Hospital, NPI: 1568407310, and Service Location Name: WISHARD MEMORIAL HOSPITAL. A side menu on the left lists various sections: "Begin" (highlighted in blue), "General Information", "Maternal Obstetrical History", "Previous Infant/Findings", "Diagnosis of Pregnancy Risk", "Maternal Medical History", "Current Medications", "Psycho-Neurological History", "Substance Abuse Use History", "Tobacco History", "Social Risk Factors", "Referrals", "Review and Submit", and "Print Submitted NOP". The main content area has a heading "Begin" and contains the following text: "To complete Notification of Pregnancy (NOP) information for a recipient, get started by clicking on the 'Next' button below. After completing the NOP information for each step, click the 'Next' button to continue. You can always return to a step by clicking on the appropriate link in the side menu bar on the left. After completing all the steps, you will have the opportunity to review and/or change any information you have entered before submitting the data." A blue "Next >" button is located at the bottom right of the main content area. The browser's status bar at the bottom shows "Done", "Local intranet", and "100%" zoom.

# Notification of Pregnancy (NOP) – Completing the form

- Print a hard copy and complete during the exam
- Enter information electronically from hard copy  
or
- Enter the information electronically during the exam
  
- To qualify for payment, provider must:
  - ✓ Submit NOP within 5 days of Date of Service and
  - ✓ Complete NOP prior to 30 weeks gestation

# Notification of Pregnancy (NOP)

Provider completes  
the NOP...

Then what?

# Notification of Pregnancy

- Data is sent to the member's MCO
- MCOs provide additional support services (e.g., nurse case management, home visits) depending on needs of member
- MCO can also help with coordination between the physician's office and member
- OMPP will use the data to monitor outcomes of births and to develop programming that better meets the needs of pregnant women in Hoosier Healthwise

# Upcoming Events and Communication

- April
  - EDS Newsletter and Bulletin
  - V-CAN Connector Newsletter
- May
  - QP Training Begins
- June
  - More QP Training
  - Final EDS Bulletin with any additional details
  - V-CAN Connector
  - FSSA/OMPP Contractor Training
- July 1<sup>st</sup> – PE and NOP scheduled to “Go-Live”
- Training will continue throughout 2009
